Dr. James F. Glenn
Scientific Director
Council for Tobacco Research
900 Third Avenue
New York, NY 10022

Dear Dr. Glenn:

I read with interest the 1990 Scientific Report of the Council. I believe that work we are conducting on the effects of tumor promoters and anti-promoters on human skin in vitro may qualify for research funding.

Please forward all necessary forms and information required for an application to The Council for Tobacco Research.

Sincerely yours,

John S. Bertram, Ph.D.
Researcher, Molecular Oncology
Professor, Genetics & Molecular Biology
